

# IT'S CHAPTER BOOK TIME

## Class Activity

---

After a chapter of the class reader is read, children reflect on it by writing a text review. Every time a new chapter is completed they have to go to their previous review, press edit and add further about the next chapter to have their comprehensive comment by the end of the book

## The Reward

---

Great pieces of children's reflections are digitally recorded for the whole school community to enjoy

### Tips

---

Seed questions to answer while reviewing, then comment or chat to suggest improvising. Encourage class group discussion including different points of view

## Have fun while you learn

---

Enjoy writing and reading reviews and get amazing comments from teachers and parents

Develop:  
Comprehension, Deep Understanding, Confidence, Critical Analysis, Expression, Writing, Group Discussion
